

WORKSHOP ON COMMUTATIVE RINGS

Cortona, June 5-9, 2006

FRIDAY, June 9

Chairperson: L. Salce

- 9:30 – 10:15 D. F. Anderson: *The class group of an integral domain, IV*
10:25 – 11:10 B. Olberding: *Representations of integrally closed domains
as intersections of valuation overrings, IV*

COFFEE BREAK

Chairperson: L. Salce

- 11:40 – 12:10 A. Loper: *The space of valuation overrings of an integral domain*
12:20 – 12:50 T. Lucas: *Constructing chains of primes in the power series ring
over an almost Dedekind domain*

LUNCH

Chairperson: P.-J. Cahen

- 14:30 – 14:50 M. Roitman: *On elementary divisor rings*
15:00 – 15:20 S. Wiegand: *Extensions of domains with trivial generic fiber*
