

# WORKSHOP ON COMMUTATIVE RINGS

Cortona, June 5-9, 2006

TUESDAY, June 6

Chairperson: F. Halter-Koch

- 9:30 – 10:15 D. F. Anderson: *The class group of an integral domain, II*  
10:25 – 11:10 B. Olberding: *Representations of integrally closed domains  
as intersections of valuation overrings, II*

COFFEE BREAK

Chairperson: F. Halter-Koch

- 11:40 – 12:10 L. Salce: *Prüfer domains and divisible modules*  
12:20 – 12:50 S.-E. Kabbaj: *On Bouvier conjecture*

LUNCH

Chairperson: R. Wiegand

- 14:30 – 14:50 P. Zanardo: *Finitely generated modules over local  
one-dimensional domains*  
15:00 – 15:20 J. Coykendall: *Domains with described factorizations*

COFFEE BREAK

ROOM I

Chairperson: S. Glaz

- 15:50 – 16:10 G. W. Chang: *Prüfer \*-multiplication domains and Kronecker function rings*
- 16:20 – 16:40 A. Mimouni: *Semistar operations of finite character on integral domains*
- 16:50 – 17:10 F. Tartarone: *Domains in which the operation  $w$  is the identity and some relations with Prüfer domains*

ROOM II

Chairperson: R. Fröberg

- 15:50 – 16:10 I. Serban: *One-dimensional local rings and their canonical ideals*
- 16:20 – 16:40 M. D'Anna: *On the amalgamated duplication of a curve singularity along an ideal*
- 16:50 – 17:10 G. Tamone: *On the Hilbert function of some one-dimensional local rings*
